ABOUT ME

Hola! I'm Miguel Ángel. I move across disciplines, mixing research, strategy and innovation to find new ways.

8 years turning ideas into reality, finding the right direction.

Images that speak.

EXPERIENCE

Digital Fabrication & 3D Printing Technician

IE School of Architecture and Design 12/2025 - Present

- Coordinate the Building Tech Lab, the university's digital fabrication facility.
- Develop and supervise projects using CAD, 3D modeling, 3D printing and rapid prototyping.
- Deliver Clay 3D Printing workshops in English to international Design and Architecture students.
- Research manufacturing processes, materials and applications for additive manufacturing.

Footwear Designer

Joma Sport 06/2021 -12/2025

- Designed 30+ sole designs across 8 lines for men's, women's and junior collections.
- Developed product solutions in Rhino and Grasshopper with 3D printing for prototyping.
- Managed technical follow-up with international factories, iterating 3D files and samples through to production.
- Researched trends, materials and technologies for new product development.
- Reduced from 3 to 1 day the time from concept to first tech pack, integrating AI (Vizcom).
- Designed the sole of the TR-5, awarded Best Trail Running Shoe 2025 by Premios Corredor.

Founder

Trazeur 06/2019-06/2021

- Founded a streetwear brand, defining its strategy, art direction and visual identity.
- Developed products, packaging and launch campaigns from concept to market.
- Managed suppliers and manufacturing processes.
- Created digital content and managed creator collaborations.

Graphic Designer Intern

Bunker Books 08/2020 - 01/2021

- Designed 18 editorial covers for Distrito 93, Malas Artes, Tandaia and Do Peirao, proposing the concept from the brief.
- Combined illustration and photo-montage depending on each book's brief.
- Designed the Instagram templates for Malas Artes and Distrito 93, building a reusable system for each imprint.

Graphic Designer

Freelance 04/2018 - 06/2019

- Designed posters and graphic materials for clients.
- Developed visual identity proposals.

EDUCATION

Master's Degree in Design, Visual Identity and Brand Building

Universitat Oberta de Catalunya Starting: October 2026

Bachelor's Degree in Integral Design and Image Management

Universidad Rey Juan Carlos 09/2016 - 04/2021

ADDITIONAL TRAINING

Rhino 3D Design — Controlmad

Modeling 3D Patterns with Rhino Grasshopper — Domestika

Art Direction for the Fashion Industry — Domestika
